WEEK 7, TERM 1 2024

Planning and Learning Today for Living and Working Tomorrow

From the Principal

Dear Parents and Carers,

We recently acknowledged students with an attendance rate 80% and above by awarding them attendance certificates. These students enjoyed a Pizza lunch on Monday of week 7 as a reward for their outstanding attendance. Another attendance-based reward event is in the works for the end of Term 1. Our school's overall attendance rate for the year stands at 85.87%, slightly below the state average of 87%. We are committed to working towards reaching and exceeding the state average.

Additionally, a gentle reminder about our uniform policy: students are only to wear sports uniforms (light blue polo shirts) on Fridays, which is our designated sports day. Dark blue school polo shirts should be worn from Monday to Thursday.

We look forward to upcoming activities this term!

Regards, Elise

Snowy Valleys School

Principal: Ms Elise Shirt

Coming up this term:

- **Tuesday 12th March**

Gratitude workshop for high school students

- **Thursday 21st March**

Harmony Day

- **Thursday 28th March**

Easter celebrations including Easter Hat Parade

- **Friday 29th March**

Hunter

Class 3 Representative:
Elisha - Rose

Class 5 Representative:
Dion

During weekly activities students have completed a scavenger hunt and sensory obstacle course while focussing on developing turn taking, awareness of stop and go along with helping the teddy bears escape from the cold ice!

Students enjoy playing with bubbles, furthering their communication. We have seen amazing progress with all students following verbal prompts and communicating verbally that they would like 'more' bubbles.

Keep up the great work class 1!

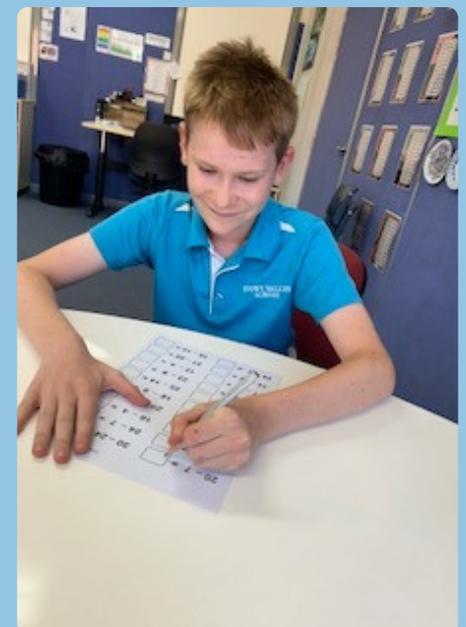

CLASS 2

Class 2 have been focusing on number, incorporating addition and subtraction, skip counting and money this term. Students enjoy participating in hands on learning experiences, Monday's being their favourite day participating in a movement maths session.

Movement maths enable students to participate in small group work, highlighting the skills learnt from the previous week. It allows them to build on previously learnt skills, incorporate movement and assists in strengthening social skills in a fun learning environment.

This week students have focused on money, using their addition and subtraction skills. They have shown a strong understanding of money and have enjoyed exploring catalogues to enhance their knowledge of money in the real world.

Well done Class 2!

SWIMMING

Senior Boy:
Hunter

Senior Girl:
Kaeleisha

Thank you to Tom who coordinated the poolside activities for the School Swimming and Water Safety Program. Tom also assisted record keeping at the School Swimming Carnival.
